

PUBLIC NOTICE

The Baltimore City Department of Public Works is accepting public review and comments for a request to waive Stormwater Management Quantity and Quality Requirements for BGE Project No. WMS 1860247, Hamilton Phase 2 Operation Pipeline Program.

Notice is hereby given that the public is invited to comment on the request by the Baltimore Gas and Electric Company, 1699 Leadenhall St, Baltimore, MD 21230 for a waiver of Stormwater Management (SWM) quantity and quality control requirements for the Hamilton Phase 2 Operation Pipeline Program Project. Comments on the request for SWM Waivers must be received by 5:00 PM on January 26, 2011, to ensure consideration by the Department.

The Baltimore Gas and Electric Company is proposing to replace the aging existing cast iron and bare steel underground gas main pipelines with polyethylene (plastic) pipelines in the Hamilton neighborhood of Baltimore City. The affected areas are as follows:

In order to meet the 2010 Baltimore City SWM Ordinance requirements for the proposed improvements, waivers for stormwater management water quality and quantity control are requested. The project is a pipeline project which will not create any new impervious surfaces and all disturbed area will be returned to its original condition. Water quantity waivers are requested since the project runoff is captured and conveyed through public storm drain systems into tidal waters.
